PLEASE INITIAL EACH SECTION BELOW TO INDICATE THAT YOU HAVE READ AND UNDERSTOOD THE INFORMATION (PAGE 1 of 2):

_____**CONSENT TO TREAT**
As the patient or the parent, legal guardian, or authorized representative of the patient, I hereby authorize All Seasons Allergy and Asthma Center, P.A. ("All Seasons") to provide medical care and treatment to the patient. I hereby consent to the release of the patient's medical information to doctors, nurses, or other personnel, including but not limited to those in hospitals and other healthcare facilities, who are involved in the patient's medical care and need the information for his/her treatment and to provide treatment-related to healthcare services. All Seasons may use and disclose the patient's medical information for necessary healthcare operations.

Additionally, I consent All Seasons to release all medical information required by the patient's health insurance carrier, Medicare, or any other third-party payer for processing claims for healthcare services provided. I hereby authorize All Seasons to allow contact with the patient's insurance company or health plan administrator to obtain all pertinent financial information concerning coverage and payments under his/her policy and direct said insurance company or health plan administrator to release such information to All Seasons for processing claims for healthcare services provided. I authorize payment from the patient's insurance company or governmental payer to pay directly to All Seasons for services rendered.

_____**FINANCIAL AGREEMENT**
I acknowledge that I am responsible for payment of all charges for healthcare services provided to the patient. Copays, deductibles, charges for services not covered by the patient's insurance plan and outstanding balances are due at the time of the appointment.

To accommodate our patients, we participate and accept many major insurance plans. Each plan has its own restrictions regarding where and how often services may be rendered. It is your responsibility to understand your plan guidelines and inform All Seasons of any special requirements. All Seasons cannot guarantee payment of all claims. If the insurance company pays only a portion of the claim or denies the claim, you will be responsible for payment of all charges for services provided by All Seasons. Some insurance plans require a written referral from a primary care physician for specialist services to be covered. It will be your responsibility to obtain any necessary referrals. If you do not have that referral, you are financially responsible for the services provided to you by All Seasons.

If your account becomes delinquent, All Seasons reserve the right to refer your account to a collection agency and to be reported to the credit bureau. In the event that the account is referred to a collection agency, you agree to pay all costs of collection including reasonable attorneys' fees.

I hereby assign to All Seasons any insurance and other third-party benefits available for healthcare services provided to the patient. I understand that All Seasons has the right to refuse or accept assignment of such benefits. If these benefits are not assigned to All Seasons, you agree to forward to All Seasons all health insurance and other third-party payments that you receive, for said services, immediately upon receipt. Additionally, regardless of my insurance benefits, if any, I understand that I am financially responsible for the costs for services rendered.

PLEASE INITIAL EACH SECTION BELOW TO INDICATE THAT YOU HAVE READ AND UNDERSTOOD THE INFORMATION (PAGE 2 of 2):

_____ **PRIVACY NOTICE**
All Seasons' Notice of Privacy Practices describes how medical information about the patient may be used and disclosed and how the patient can get access to the information. I understand that this notice is posted for my benefit in the reception area and on the website of All Seasons. I acknowledge that I have read a copy of this Notice of Privacy Practices.

_____ **ALLERGY SKIN TESTS**
To determine which specific substances are triggering the your allergies, your allergist will safely and effectively test your skin using tiny amounts of common allergens. These tests are done on the surface of the skin on the back or arm. A tiny amount of allergen is scratched across or lightly pricked into the skin. If you have an allergy, the specific allergens that you are allergic to will cause a chain reaction to begin in your body. With testing, swelling (like a mosquito bite) occurs only in the spots where the tiny amount of allergen to which you are allergic has been scratched onto your skin. Test results are available within 15 minutes of testing, so you do not have to wait long to find out what is triggering your allergies. And you will not have any other symptoms besides the slightly swollen, small hives where the test was done; this goes away within 30 minutes but if very large, they can last up to a day.

Since the allergens are derived from material to which you may be highly allergic, in rare cases you may have a reaction involving your entire body with itching, hives, wheezing, or in severe cases, low blood pressure, swelling of the throat and/or difficulty breathing. Serious reactions may be life-threatening and require close observation. If it does occur, medications to reverse the reaction are readily available and your allergist is always present when the skin testing is performed.

I certify that I understand the information regarding the procedure to be performed upon me or my child, and I have been fully informed of the risks and possible complications.

_____**ELECTRONIC PRESCRIPTIONS**
I consent All Seasons to electronically send prescriptions to the patient's preferred pharmacy.

_____**ELECTRONIC MESSAGING**
All Seasons may use e-mail and SMS text messages for appointment reminders and emergency purposes only. E-mail communications from All Seasons are on an un-encrypted server and the security of such e-mails cannot be guaranteed. Furthermore, All Seasons is not responsible for e-mails reaching any unintended recipients. I will inform All Seasons of any changes of e-mail address or phone number.
